

First Grade Transcriber's Notes

Mathematical content is transcribed according to "The Nemeth Braille Code for Mathematics and Science Notation, 1972 Revision," 2007-2016 updates, and the "Guidance for Transcription Using the Nemeth Code within UEB Contexts." Braille documents for students have been transcribed according to the "BANA Guidelines for the Transcription of Early Educational Materials from Print to Braille." In addition, the symbols are listed in a logical order rather than braille order on the special symbols document.
