

Five-Step Rule and Exceptions Read Me First

Introduction

Welcome to the Nemeth Braille Code Curriculum. We are excited you have chosen to use the materials with your students. This document will give you an overview of all the materials that have been included in the curriculum. Feel free to use any of the documents you choose.

All braille files use a 32-cell line length. These .brf files can be opened, embossed, or viewed from BrailleBlaster, Duxbury (DBT), Braille2000, Perky Duck, Tiger Designer, refreshable braille displays, or notetakers.

In the filenames, we have used the following abbreviations to indicate certain types of files.

L = Lesson
